SUMMARY

MCA student with hands-on experience in frontend and web development, including building responsive interfaces, integrating REST APIs, and developing database-driven web applications. Skilled in Python, React.js, JavaScript, Django, and MySQL, with an interest in AI-powered applications and practical software development. Adaptable team player focused on writing clear, maintainable code and continuous learning.

EDUCATION

Master of Computer Application (MCA) 2025 – 2027
Amal Jyothi College of Engineering (Autonomous), Kanjirappally | *APJ Abdul Kalam Technological University*
CGPA: 9.01/10

Bachelor of Computer Application (BCA) 2022 – 2025
Maharaja Institute of Technology, Mysore | *Mysore University*
CGPA: 8.65/10

EXPERIENCE

Web Development Intern Jun 15, 2026 – Jun 27, 2026
M-Squared Software & Services (P) Ltd | *Thiruvananthapuram, Kerala*
- Completed an intensive web development internship, gaining hands-on experience in building responsive websites using HTML, CSS, JavaScript, and modern web practices.
- Collaborated on web architecture and UI implementation while demonstrating strong technical and problem-solving skills.

Frontend Developer Intern Mar 10, 2025 – May 2, 2025
Geek Wick TechMedia Services Pvt Ltd | *Mysore, Karnataka*
- Developed responsive UI components using React.js and Tailwind CSS, successfully converting Figma designs into functional layouts.
- Integrated REST APIs using Axios, and implemented routing and state management to optimize frontend performance.

PROJECTS

FreeMatch AI | *React.js, Tailwind CSS, Redux, Python, Django, Django REST Framework, Celery, Redis, PostgreSQL, Git version control*
- Designed an AI-assisted matching platform concept to compare project requirements with freelancer skills, generate semantic matches, and rank recommendations for client-freelancer connections.

Traffic Sign Detection and Recognition | *Python, YOLOv5/v8, OpenCV, TensorFlow, Keras, ResNet, EfficientNet*
- Developed a real-time detection and recognition system utilizing YOLOv5/v8, and implemented deep learning classification models (ResNet, EfficientNet, ConvNeXt, VGGNet).

Student & Employee Leave Management Hub | *Python, Django, MySQL, JavaScript, Bootstrap, CSS, Chart.js*
- Built a secure web portal for handling leave requests, managerial approvals, and role-based authentication using Django.

Personal Portfolio Website | *React.js, HTML, CSS, JavaScript, Tailwind CSS*
- Created and published a dynamic personal portfolio to showcase professional information, technical skills, projects, and contact details.

TECHNICAL SKILLS

Languages: Python, C, SQL, JavaScript, HTML, CSS
Frameworks: React.js, Tailwind CSS, Django, Bootstrap
Databases & Tools: MySQL, Git, GitHub, Figma, Axios
Core Competencies: REST APIs, Responsive UI, Data-Driven Decision Making, Problem Solving

COURSES & CERTIFICATIONS

- Machine Learning for Engineering and Science – NPTEL
- Certificate of Appreciation – Smart India Hackathon 2025
- Participation Certificate – NASA Space Apps
- Blockchain and Its Applications – NPTEL
- Level 2 Funded Certificate – I2U
